

Merry Christmas, Happy Holidays, and the very best New Year greetings from your Lake Park Estates board of directors. With this magical season brings the unique celebration of the Lights of Lake Park. December 12th at 6 PM bring your family and join your neighbors for the annual Lake Park Estates HOA Trolley Ride. Suncoast Hospice will provide warm drinks and cookies. The Trolley will take several different routes to ensure all houses/neighbors, that work so hard to make this annual event so successful, a chance to be viewed by all the folks that make it happen. Last year the kids really seemed to enjoy the trolley and our more “mature” neighbors had a chance to ride a trolley without taking out additional life insurance. So put this great event on your calendars and let’s have a special evening.

The membership drive is in full swing and currently we have 33% participation. We can’t do the things we would like to do without your full support. The budget this year was based on 70% membership, or 141 households. With your membership we can enhance our landscaping, which could use a little facelift. Your dues underwrite all activities and events, like the trolley ride and Easter egg hunt. So to make things a little easier we will have a membership table at the trolley ride for your convenience. We hope you will join your homeowners association.

Did you notice the walls along Lake Park Drive have been trimmed? The county sent a team to clean up the bushes and vines along the wall and remove the debris. It certainly looks better.

Recently I had a conversation with Janet Long, one of our county commissioners, about issues we face living in the unincorporated area of Pinellas County. She was very responsive and offered her full support in any areas under her jurisdiction as a board member. I will ensure we maintain that flow of information and concerns so ensure your HOA brings the issues most pressing to our elected officials.

Lake Park I is without a director on the LPHOA board. Your area needs a voice! Please consider becoming a part of the organization that helps to maintain the look and “feel” of Lake Park Estates. We are also hoping to organize an event in the fall with an Oktoberfest theme. If you are interested in helping put that plan together please let us know. Give me a call and/or come to our next board meeting and throw your hat into the ring. You can reach me, Linda Moore, at 703-405-7433.

Check the website for additional information and board meetings and location.

Again, Merry Christmas, Happy Hanukah, and a healthy, happy and prosperous New Year to you and your family.

Linda
